## Profile Summary

Dedicated Software Developer with a strong foundation in Java, Oracle Sql, React and Spring Boot. Experienced in building scalable web applications. Seeking opportunities to contribute to innovative projects and collaborate with talented teams.

## Education

B.Tech/B.E., 2023

Biju Patnaik University of Technology  
(BPUT)

## Projects

2 Weeks

### Portfolio

- Designed a responsive portfolio website utilizing HTML, CSS, JavaScript, Bootstrap, and Tailwind to present skills, projects, and contact information with a modern and clean design.
- Ensured smooth navigation and optimal user experience on all devices by following best practices in responsive design.
- Optimized the site for mobile, tablet, and desktop devices, resulting in enhanced user engagement and seamless access.

5 Days

### eCommerce

- Designed and developed a responsive eCommerce website using HTML, CSS, JavaScript, React, and Bootstrap.
- Implemented dynamic product listings and a shopping cart for enhanced user experience.
- Ensured optimized performance and mobile compatibility for seamless browsing.
- Utilized React's component-based architecture to deliver efficient and scalable code.

3 Weeks

### Food Order Management System

Used Spring Boot, MySQL, JWT Authentication, Angular, and Bootstrap. The application is designed for a single restaurant to handle online food orders efficiently. Throughout the project, I gained valuable experience integrating React with Spring Boot, MySQL, and various APIs. Additionally, I implemented Stripe for seamless payment processing, enhancing the functionality of the system.

## Key skills

- Java Full Stack Developer
- Java
- SQL
- html
- css
- Javascript
- React.js
